The Good Student status applies provided:

1. The owner or operator is at least 16 years of age and a full-time high school, college or university student.
2. A certified statement from a school official is presented to the company on each anniversary date of the policy indicating that the student has met one of the following requirements during the immediately preceding school semester:
 - a. Is in the upper 20% of his/her class scholastically, maintains a "B" average, or its equivalent. If the letter grading system cannot be averaged, then no grade can be below "B."
 - b. When in a school maintaining a numerical grade, must have at least a 3 in a 4,3,2,1 point system or its equivalent.

Definition of Terms and Eligibility Requirements

Passive Restraint:

A discount of the premium paid for Parts 2, 3, 6 and 12 will be given to eligible policyholders for qualifying vehicles which contain occupant safety features. These features are: an airbag installed for either the driver's seating position or both front outboard designated seating positions or an automatic seatbelt installed for either the driver's seating positions or both front outboard designated seating positions.

Public Transit:

A discount of the premiums paid for Parts 4 and 7 coverages will be given to eligible policyholders who provide evidence of purchase of eleven monthly passes or tickets from a qualifying mass transit system during the automobile policy period.

1. Eligibility

The vehicle must be a private passenger vehicle as defined in Rule 27 and be classified as use class 10, 15, 17, 18, 20, 21, 25 or 26 for a minimum of 11 of 12 months of the policy year. In addition, the vehicle must not be driven to work or school 10 days or more per month. A minimum of 8 of the 11 monthly passes or tickets may be submitted, provided other evidence of purchase is submitted for the missing passes or tickets. The insurer shall collect all passes and other evidence used by a policyholder to obtain the discount.

NOTE: If a policyholder purchases a pre-paid non-refundable annual pass and furnishes proof of such purchase, the discount will be applied to the current policy rather than the expiring policy.

2. Replaced Vehicles

The discount will be computed on the basis of combined earned premium for Parts 4 and 7 provided the replacement vehicle otherwise qualifies for the discount. If the insured changes insurance companies and replaces the vehicle at the same time, the second company will be responsible for the discount provided the policy has been in effect six months or more.

3. Application of Discount

A discount will be applied to Parts 4 and 7 premiums for each eligible vehicle. If there is only one eligible operator with more than one vehicle, the discount will be applied to the vehicle with the higher combined premium. If the policy insures only one vehicle, but there are two or more eligible operators, the discount shall be applied only once. If two or more vehicles and operators are eligible for discount, the discount shall first be applied to the vehicle which develops the highest combined premium for Parts 4 and 7, and then in descending order to the vehicle with the lowest combined premium.

This discount is fully earned and returnable directly to the policyholder unless the policyholder directs that the discount be applied as a credit to premium charges for a renewal policy or it is used to offset undisputed outstanding premium due the insurer.
