

WORKING TOGETHER.
INSURING TOMORROW.

We are committed to you – and your customers. We know that you work hard to build your business, and that you can and should choose your carriers carefully. With so many choices available, why choose to work with us?

OUR MISSION IS SIMPLE

We take care of our customers better than anyone else.

In a marketplace filled with companies touting complex strategies, we choose to keep things simple and straightforward. Why? Because how we take care of you directly impacts how you can best take care of your customers. That's the bottom line, and that one simple statement drives everything we do.

OUR HISTORY IS RICH

Since 1923, we've been protecting the people and businesses you'll find on "Main Street" in communities across America. For nearly 100 years, we have successfully partnered with independent agents to provide affordable insurance to individuals, families and small businesses. How? By understanding that behind every policy is a person that needs protection.

OUR FUTURE IS YOU

With an unwavering commitment to the independent agent distribution channel, our continued growth and success depends on you.

We strongly believe in the value the independent agent brings to the policyholder. Shopping multiple carriers on behalf of your clients ensures the best combination of coverage, price and service.

We get it. In fact, because of our deep understanding of your business model, we're developing new technologies, expanding product offerings and leveraging our full resources to give you all the tools you need to achieve profitable growth.

FINANCIAL STRENGTH

**\$1.1 Billion Direct
Written Premium**

\$628.7 million surplus

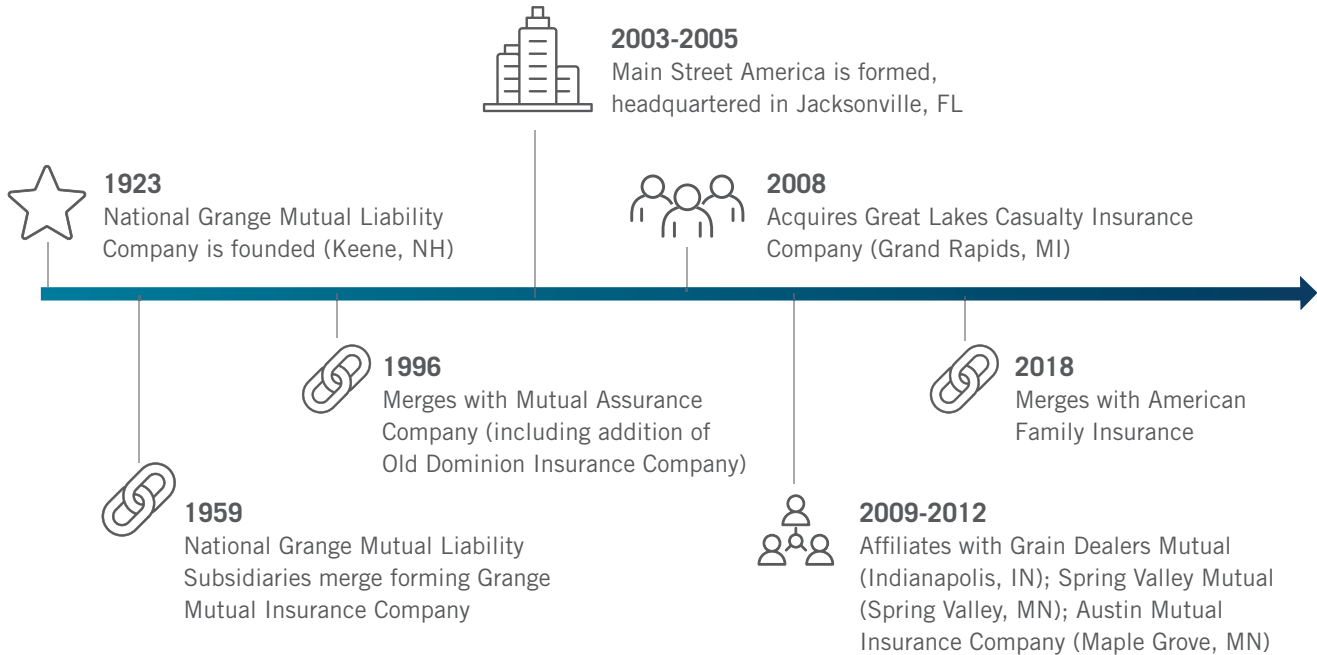

\$2.61 billion total assets

**"A" ("Excellent") Financial

OUR VISION IS CLEAR

To be the most trusted and valued customer-driven insurance company.

It's an exciting time to join Main Street America. We're expanding our footprint to broaden our national presence, developing products that offer sophisticated pricing segmentation, leveraging the full resources of our enterprise partners, and deploying cutting-edge technology to provide our agents with streamlined, easy-to-use platforms. And while a lot of things are changing, our vision remains laser-focused and clear: to earn your trust, to add value to your business, and to help drive your success.
